HOW TO INVITE FRIENDS TO YOUR PARTY

The first step in hosting a successful party is to let all of your friends know how to attend your party!

1. **Pick a date and time:** You may want to reach out to your friends ahead of time and hold a poll on what would be the best time for all.
2. **Log into your Zoom Account and schedule a meeting time**
3. **You will receive a generated code for your attendees to use to log into your party**
4. **You will be able to copy the invitation and paste it into a group message on social media or via a group email or you can simply invite one person at a time from the zoom event page you created**

THE ART OF CONNECTING

Let the Party begin...

1. At the schedule party time log click on the invite link you sent.
2. Be sure to turn on your computer audio and video on the bottom left hand corner of your screen. If you see a red slash then you are mute or off video.
3. You will begin to see all of your party attendees pop up on your screen :)
4. If any of your friends are having trouble you can all offer your support in helping them get up and running
5. In the top right hand corner of your screen you will be able to adjust how you view your friends
6. You have 40 minutes of Rock Painting fun together!
7. If your party cuts out due to time limitations...
8. you can all simply log back in!
